Respect Life

Planned Parenthood is right now spending enormous resources on propaganda aimed at college students urging them to vote for pro-abortion candidates and against pro-life candidates in 2020...because Planned Parenthood is desperate to protect the \$550,000,000. it gets every year from taxpayers.

Planned Parenthood also wants to be able to continue its enormously profitable Late-term and partial- birth abortion business, especially its baby organ harvesting business- The more young people understand this and see all this in our videos, the more horrified they become and the more pro-life they become.

Blessings in a Backpack is a non-profit organization that feeds school children in the United States who currently are fed during the week on the federally funded Free and Reduced Meal Program and are at risk of going hungry on the weekends. Once again we have been asked to help our school children in this program. The teachers and social workers designate what families will benefit from this.
