This past Saturday, our Peer Ministers and Teachers facilitated the Confirmation 2 Retreat at Alverna Heights. It was frigid out and probably the coldest retreat I've ever been on this late in March! The temperature inside was a cozy 70 degrees and the day was just beyond inspiring! Our Peer Ministers gave all the retreat witness talks on the topics of Community, Commitment, God's Promises, Prayer and Gifts of the Holy Spirit. This team of young Juniors and Seniors were outstanding! They spoke with conviction, passion and truth on just how much their faith means in their lives. The adults were humbled as we listened and watched these young teens hold the attention of 40 participants.

A huge thanks to our Peer Ministers and to our teachers and adult chaperones. Without their help none of this would be possible. Thank you to all the candidates who took part in this special day. Our confirmation candidates were so respectful and acted with such maturity – it made the day so Spirit-filled!

A great thanks goes out to Msgr. Lang, who came out in the very snowy cold weather to celebrate Mass for us. He shared his slides from his recent trip to the Holy Land and showed the mountain where the Transfiguration took place as we read the Gospel of that miraculous event. It was a perfect ending of our day.

This Parish should be very proud of its' young teens – they are amazing, inspiring and ready to take an active role in this Parish of St. Charles-St. Ann's. Please pray for them as they prepare to receive the Sacrament on April 27th with Bishop Costello.

Eucharist to the Homebound—HELP!

We have added a few names to the list of those homebound parishioners that have the Eucharist brought to them. We are in need of a few more volunteers for this ministry. If you are interested, please call the parish office. 468-1803.

Thank you !

"It is troubling that, when some ecological movements defend the integrity of the environment, rightly demanding that certain limits be imposed on scientific research, they sometimes fail to apply those same principles to human life. There is a tendency to justify transgressing all boundaries when experimentation is carried out on living human embryos. We forget that the inalienable worth of a human being transcends his or her degree of development.
